Saikat Koley

GM – Oil Tech & Cooling | Seasoned Sales & Marketing Executive | Grew Business 2X | Introduced Ester Oil Technology in new field | AI-Powered Analytics | Immersion Cooling & DLC Coolant Business Development

Kolkata, West Bengal, India

Summary

Tech-Savvy Sales Leader | Driving Innovation in Power & Cooling
With over 20 years of cross-industry experience, I bring a unique blend of technical expertise, market insight, and bold innovation to the energy, electrical, and data center sectors.

From transformer oil to AI-powered analytics, from MV/HV switchgear to immersion cooling — I've led transformations at every level of the electrical infrastructure ecosystem.

Currently at Savita Oil Technologies Ltd., I'm leading the charge in introducing:
Synthetic ester-based insulation fluids for eco-safe, high-performance transformers
Immersion cooling & DLC fluids for next-gen data centers & EV battery systems
AI-driven sales insights for smarter, faster decision-making
Strategic partnerships with major utilities and OEMs across India

Highlights:

Doubled business in competitive regions

Spearheaded India's shift to ester oils in key utility specs

Successfully retrofilled transformers for CESC, WBSETCL, OPTCL, PWD, APDCL, and more

Built deep-rooted trust with consultants, EPCs & industrial clients

Past Milestones:

At Schneider Electric, Cargill, ABB, and Crompton Greaves, I led multimillion-rupee MV/HV projects, won multiple awards, and handled complex switchgear, RMU, GIS, and E-House deployments with unmatched customer satisfaction.

I’m passionate about:

Sustainability in power systems

Fire-safe, biodegradable transformer solutions

Energy efficiency in steel plants, utilities & mission-critical infrastructure

Bridging the gap between legacy systems and future-ready solutions

Let’s connect if you're exploring new-age electrical solutions, data center cooling, or smart electrification strategies — I believe innovation begins with a conversation.

Experience

Savita Oil Technologies Limited
GM SALES & Marketing
November 2017 - Present (9 years)
Navi Mumbai

Experienced sales professional with a proven track record of growing business, introducing new technologies, and leveraging AI tools to drive success.

CARGILL INDIA PRIVATE LIMITED
MANAGER SALES (EASTERN REGION)
October 2016 - November 2017 (1 year 2 months)
Kolkata, West Bengal, India

Schneider Electric
Sales Manager
July 2011 - October 2016 (5 years 4 months)
Kolkata, West Bengal, India

Key Duties:

Extensive expertise in medium voltage switchgear (3.3kV to 33kV AIS, RMU, CSS/PSS, GIS, eHouse)
Prepared specifications for indoor/outdoor substations including protection, metering, SLD
Developed new customers from small contractors/industry segments
Supported contractors in tenders to maximize success
Leveraged detailed techno-commercial knowledge to outperform competitors
Maintained strong customer relationships through regular visits

Key Achievements:

Highest order volume (105 orders, 20CR) in Energy Business in 2015
Best Performance Award for new customer development (FY2013)
Best Sales Award for Q3 2013 in Eastern Region
First 33kV RMU order in Eastern Region
Grew new customer orders from 31% (2013) to 55% (2015)

Major Projects Handled:

CMC & SSKM Hospital (33/6kV substation)
Tata Steel KPO (48 x 6.6kV indoor AIS)
Bhilai Steel Plant (44 x 6.6kV AIS with FBT)
Vikram Solar (22 x 33kV RMU for 40MW solar)
West Bengal DISCOM (670 x indoor VCB, 250 x OD VCB, 117 x 3W+4W RMU)

Crompton Greaves
Senior Sales Marketing Executive
September 2010 - May 2011 (9 months)
Kolkata, West Bengal, India

Sales and marketing of High Voltage & Medium Voltage Transformers and Switchgears. Responsibilities included pre-tendering activity, offer preparation, commercial & technical meetings, estimation, and payment follow-up.

ABB
Marketing Executive
October 2006 - September 2010 (4 years)
India

Worked in MV/HV switchgear and transformer division. Covered end-to-end project support including tendering, technical sales, and client engagement for large projects with Jindal, Tata Steel, and others. Experience in 3.3 kV to 220 kV SF6/VCB, relays, RMU, CSS, and working with large consultants like TCE, MECON, LURGI.

Education

Netaji Subhas Institute of Technology

Bachelor's degree, Electrical · (August 2002 - 2005)
